an article "Grievances of the Officials in P.W.D, Kadur Dn" and submitted a copy of same to the Minister for Revenue. The report called for from the C.E. & since received is put up, along with the Circle Office file. B.

When the clerk was working in the Kadur Division, he applied for transfer to Shimoga Division on account of his wife's illness but it was not granted. His wife passed away. The Executive Engineers would appear to have reported that the clerk has private interest at Shimoga and on this report his was not granted a transfer. His work in the Shimoga Dn and in Kadur Assistant Engineer is reported to be not satisfactory. The clerk hriefly sent up a representation in November 45 for granting him leave or treating the same as resignation. His resignation was thereupon accepted.

3. But from the extracts from the recommendation rolls furnished & it is seen that the reports about his work are good. The clerk reports that he lost eight persons within 4 years (i.e. 2 wives, 2 fathers, 3 children, 1 sister & 1 grandmother). This must have accounted for his frequently taking leave and for his prayer for a transfer to Shimoga.

To

The Editor,

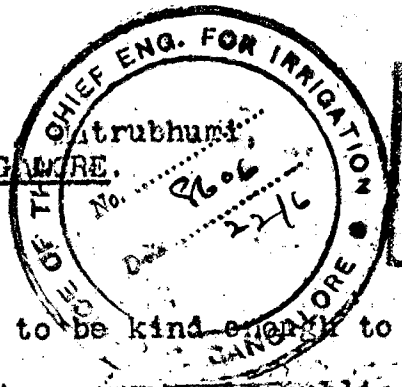
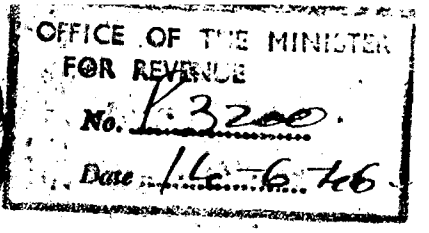
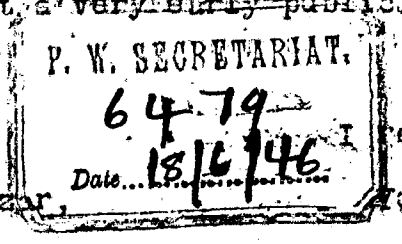
BANGALORE.

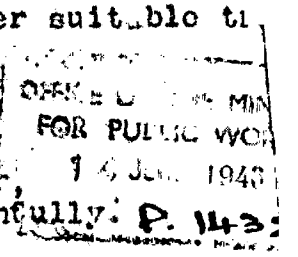




Dear Sir,

I request you to be kind enough to publish the following in your daily newspaper at a very early publication after suitable translation to Kannada.





From:-
S.A.Majid,
Ex-Clerk, Big Bazar,
S h i m o g a.

I remain,
Dear Sir,
Yours faithfully.

"GRIEVANCES OF THE OFFICIALS IN P.W.D. KADUR DIVISION, CHIKMAGALUR"

Though it has been brought to the notice of the concerned authorities that Mr.Thimmappavadhani, Accountant, and Mr.B.K.Voo... taramaiah, Assistant Engineer, are causing inexpressible difficulties to the officials in the office, the concerned officers have not so far taken any steps to afford any relief from the persons named. The Executive Engineer, it is stated, has reported that the grounds of having caused trouble to the officials are baseless.

The following points will clarify the matters and it is left to the higher officers to judge whether there are sufficient grounds to state that real injustice is done or otherwise.

During the year two of the officials tendered their resignations. One of them did so as the officer did not grant any leave to the necessity of performing certain ceremonies at the death of is wife. Another resigned his job since he was teased in several ways and finally he was fined and kept under suspension.

There are two examples of the officials who have been transferred at the report of the Executive Engineer, the grounds of report not being known. These two officials were not in need of

any transfer since they were natives of the same district. Whether the authorities who were empowered to transfer them did so in the usual course or at their own accord. But unexpectedly the transfer orders were issued. Thus there is a tendency to remove the officials when not desired.

Apart from these facts there are instances of the officials being transferred from one place to another without any discretion or the exegencies of the service. There are also instances of the officials being fined for the fault of others.

Though such instances have taken place the Executive Engineer has stated that the grounds of allegation are baseless. Perhaps there cannot be any chance of the concerned records being missed. This may be verified from the higher authorities

In all such disturbances and rumours only the backward community officials have been troubled. Can the Executive Engineer or any other person point out any instance of the other officials being teased in any manner.

Previous to these instances none of the officials had been either reported on account of their negligence or any other conduct that would effect the public service. Even such instances cannot be pointed out by the Executive Engineer.

The Executive Engineer was in charge of the Division pretty long period before either Mr.Thimmappadhani or Mr.Venkatramaiah assumed charge in the Division. But there were no censures of any sort before these people assumed their posts. How with the coming of the two persons the entire lot of officials have been made to suffer is left to the higher officer to judge and pass any orders.

It is hoped now at least the concerned authorities will take suita steps on a thorough examination of the records and remedy the lot of of ficials who are still working in the office apart from those who have re-signed or who have been removed, from the Division. If this is not taken cognisance of a deputation will have to be arranged to His Highness the Maharaja and seek for the justice.

To

The Minister for Public Works Department,
in Mysore, BANGALORE.

Sir,

Secy P.W. A.C. Recall for the remarks of the S.E. Shimoga 4/1/46

In submitting herewith my representation addressed to the Superintending Engineer, Shimoga Circle, I beg to state that I had applied for a transfer to Shimoga Division Office proper, on account of the serious illness of my wife. But I was not given a transfer in time and my wife passed away on the 8th August 1945

I had applied for leave to perform the 40th day cermony of my wife. The Executive Engineer had permitted me avail the Moslim and General Holidays. During the leave period, I fell ill and forced to extend the leave for about 21 days and got treatment through the local doctor at Haranahalli.

E.E.I. wife) 4/1/46

On my return to duty, I submitted my greivences to the Executive Engineer, with the medical certificate, for sanction of the leave availed of. But the Executive Engineer was not kind enough to sanction the leave.

No 6379/B 15/1/46 Forwarded with compts to the Supt. Engr. Shimoga circle for favour of necessary action Sd/- 15/1/46 for Secy to Govt. Exec. Engr. for Supt. Engr.

Since the Executive Engineer of Shimoga Division, on some body's instigation, charged against my conduct and represented the Superintending Engineer, that I have private intrest in Shimoga and Kumsi Taluks, which is absolutely false, I was temoted to explains things in detail. This might have very much irritated to my officers and had made up the case strong against me and accepted my resignation. Had it not been a non-brahmin, the enquiries would have been more serious. My explanation might have been too hard, but I could not avoid this in my feverish mood.

THE CHIEF ENG. FOR IRRIGATION No. 4099 Date 15/1/46 BANGALORE

It may not be true that I was taking leave very frequently but the purpose for which I had taken leave ought to have been considered. The Government should know that for the past four years I have last eight sould in my house. Viz., My Father, My Two Wifes My three Children, (two male and one female), my sister and my grand mother, totaling to eight. As a Human being, one can certainly feel feel for this, if he has slightest mercy in his heart.

SUPERINTENDING ENGINEER No. 243 17 JAN. 1946

The Superintending Engineer has intimated in his No.6813 dated 11-12-45, that the resignation is accepted from 6-11-45. This is done without any enquiry, which is nothing but partial.

P.T.O..

I therefore, pray your kindself to kindly enquire into the the matter and do needful. In this connection I can explain better in person and hence I pray for kind interview.

For, which act of kindness, I shall be high

I beg to remain Sir,
Your most obedient servant.
